

GREAT ARMY OF CHINESE

Nearly a Million Men Organized to Expel the Foreigners--Lieut. Col. Coolidge Reports the Casualties.

London, July 18.—[Special Cablegram]—Russia is preparing to crush the Chinese. A dispatch from Vienna has been received here saying that the Czar is preparing for great military operations through Manchuria to Peking.

St. Petersburg, July 18.—[Special Cablegram]—A Tien-Tsin dispatch says that Prince Tuan has organized an anti-foreign army of nine hundred and fifty thousand Chinese. The northern corps has been ordered to expel all foreigners from the Amur district.

Gen. Gribski reports from Blagovestchenska that the Chinese along the Amur river have thrown up entrenchments for twenty versts and mounted forty guns.

The Dead Americans
Washington, July 18.—[Special Telegram]—Accurate information as to the losses sustained by the Ninth Infantry has been received. The dead are:

COLONEL LISCOM.
SEVENTEEN ENLISTED MEN.
The wounded are:
CAPTAIN NOYES.
MAJOR REAGAN.
CAPTAIN BOOKMILLER.
LIEUTENANT LAWTON.
LIEUTENANT LANG.
SEVENTY-TWO PRIVATES.

The news came in the form of an official cable from Lieutenant Colonel Coolidge, who is now in command of the regiment. The dispatch came from Taku via Che Foo.

Beside the dead and wounded, Col. Coolidge also reports two enlisted men missing.

News of Casualties.
Washington, July 18.—[Special Telegram]—Admiral Remy cables the following from Che Foo this morning: "The latest reports do not indicate that the army officers Major Lee, Captain Brewster, Lieutenants Naylor, Hammond and Waldron are wounded; but Captain C. G. Long, of the marine corps, was wounded. Second Lieutenant L. R. Lang of the army, was wounded. An aide has gone to Tien Tsin to get accurate information."

Are Legations Safe?
Washington, July 18.—[Special Telegram]—The state department has received a dispatch from Consul Fowler at Chee Foo saying that the governor wires that when his courier left Peking on the ninth, the legations were still holding out. He states that the minister at Seoul, Korea, telegraphs that the boxers and Chinese soldiers are in force but a few days journey from the Korean frontier. Many natives are leaving the city of Peking Yank, but the foreigners remain safely.

Are Events Magnified?
Washington, July 18.—[Special Telegram]—In the dispatch to the state department, Consul General Fowler says that the governor of Shantung complains that "there is a manifest effort being made in Europe to magnify events in China."

Col. Liscom Buried.
Washington, July 18.—[Special Telegram]—General MacArthur cables the war department that Col. Liscom was buried at Tongu on July 17. Tongu is three miles from Taku forts.

Cruiser in Open Fire.
Shanghai, July 18.—[Special Cablegram]—The British cruiser Terrible and four other cruisers have cleared for action off the forts.

Chinese General Is Slain.
Shanghai, July 18.—[Special Cablegram]—It is reported that the Chinese general Nieh has been killed while vainly endeavoring to rally the troops at Tien Tsin.

After the victory of the allies at Tien Tsin, June 14, Director of Telegraphs Sheng shut off all the wires to Peking so the Chinese would not hear of the city's fall.

Washington, July 18.—As a result of a cabinet meeting held almost immediately after the arrival of the president it was decided that the present situation in China did not necessitate a special session of congress, but that if the situation should change for the worse, or if there should come an apparent necessity for more troops, money or authority than are now at hand the president will not hesitate to

summon congress to his assistance. When President McKinley left Canton the situation in China was such as would have fully justified him in asking for more troops. The allies had been defeated in their attempt to capture the native city of Tien-Tsin. The loss was serious, but it was not deemed as important as the manifest effect on the Chinese which would have come from the serious defeat of foreign troops.

Reason for Changing Plans.
Before the cabinet met, however, the report had reached here from Admiral Remy showing that while the allies had been repulsed with terrible loss at first they had ultimately secured complete control of the forts and the walled city. The moral effect of this victory is considered to be worth 100,000 troops to the allies. Hence, by the time the cabinet met, the tension had been removed materially. Besides that, Secretary Root presented plans by which the United States can put into China about 11,000 troops, which will be quite as much as could be expected of this country.

Powers to Act Together.
Then, too, are signs of a positive agreement among the allies looking toward the wholesale employment of Japanese troops. There has been some lively diplomatic correspondence going on.

London, July 18.—The Chinese situation has been further complicated by a formal declaration of war by China on Russia and the bombardment by Chinese troops of the Russian town of Blagovestchensk on the river Amur in Siberia, but is at the same time relieved by the news that the allied force, after a most heroic rally, surprised the Chinese in the native city of Tien-Tsin and captured the town, which they now hold, though in need of early and strong assistance. The allies lost nearly 900 men in killed and wounded in the two days of fighting, July 13 and 14.

Washington, July 18.—The Chinese minister has received a dispatch from the minister at London, authenticated by Sheng, the Imperial Inspector of posts and telegraphs at Shanghai, and by two viceroys, declaring that the foreigners in Peking were safe July 9 and were receiving the protection of the government.

This is two days after the reported massacre. Minister Wu has laid the message before Secretary Hay.

The text of the dispatch received by Minister Wu and laid by him before Secretary Hay is as follows: "The utmost efforts have been made to protect foreign ministers, who were well the 13th (Chinese calendar corresponding to our July 9). If Tien-tsin city should be destroyed it would be difficult to restore the same in ten years. Request the powers to preserve it, as the consequences would affect Chinese and foreign commerce."

This dispatch, which is dated July 16, was signed by Viceroy Liu Kun Yi and Chang Chih-Tung of Nanking and Wu-Chang respectively, and also by Sheng, director of posts and telegraphs at Shanghai. It was addressed to the Chinese minister in London, and by him transmitted to Minister Wu under today's date.

ALLIED FORCES TRIUMPH.

Drove the Chinese Out of Walled City of Tien-Tsin.

Shanghai, July 18.—The allied troops resumed the attack upon the Chinese walled city of Tien-tsin the morning of July 14, and succeeded in breaching the walls and capturing all the forts. The Chinese were completely routed, and the allies took possession of the native city and its defenses.

The total losses of the allies in the engagements of Thursday, Friday and Saturday were about 800 killed.

SPoonER IS LAUDED BY GOV. ROOSEVELT

Says the Wisconsin Senator is a Great Man and Should Not Be Allowed to Retire.

Milwaukee, Wis., July 18.—Governor Roosevelt was interviewed on the subject of Senator Spooner's retirement, saying: "I know Senator Spooner well and love him very much. He is a man among thousands, and has no right to retire

from public life. The country needs him where he is, and no effort ought to be spared to keep him there. I regard Senator Spooner as one of the great men of the nation. He is always ready for every emergency, and is well informed and sound on every subject. His opinions have great weight in the senate and elsewhere. He is a born leader of men, and those who know him best feel that he should give the country the benefit of his eminent services.

"I could say more, but what is the use? The best encomiums are put in few words. His experience in public life, his vast store of information on public questions, his ability as a lawyer and debater are too well known to need mention. I was exceedingly pained when I heard that he had determined to leave the senate at the expiration of his present term, for we cannot afford to lose such a man from the public councils. He stands deservedly high with all classes of men, but those who know him best

admire him most. I have watched his career with exceeding interest, and have found nothing in it to lessen my deep admiration for the man."

A. F. LEE GETS MORE PENSION
Release and an Increase to Fifteen Dollars a Month.

Washington, D. C., July 18.—The following Wisconsin pensions were granted: Original—Isaac Thompson, Waupun, \$6; Ami R. Hamlin, Milwaukee, \$6; Henry W. Hurlburt, Racine, \$6; Anton Powlas, Oneida, \$12. Additional—William Kalkbrenner, National Home, Milwaukee, \$12. Increase—Joseph T. Horace, Sawyer, \$8; Charles Smith, New Lisbon, \$17; George W. Davis, Boaz, \$12. Release and increase—Alexander F. Lee, Janesville, \$15; Sever Holverson, Ruba, \$10. Spanish war widows—Diana W. Swift (mother) Rice Lake, \$15; Lucy A. Hartson (mother) Neillsville, \$12.

ASK FOR FRANCHISE FOR TROLLEY LINE

ROCKFORD JANESVILLE PROJECT IN GOOD SHAPE.

Matter Is Now Before the Council at Beloit, the Right to Use Streets Being Requested—Final Action Is Not Taken at Present Time—Three Routes Named in Ordinance.

Beloit, Wis., July 18.—The inter-urban electric railroad project took a more tangible form last evening when H. H. Clough, F. H. Foster and D. J. Nye, representing the parties interested in the road, with their engineer, E. M. Haines, appeared before the council and presented a form of ordinance which they desired to have passed granting a franchise to build a road through the city and operate it for a period of fifty years. These routes are named in the ordinance, in view of the fact that some one may prove more desirable than the others to both the projectors and citizens.

Prairie Road Route
The second route named starts at the present southern limits of the city where it intersects with State street; thence north on State to its intersection with Race street; also beginning at the intersection of School street with Race street, and thence running easterly along School street to its intersection with Union street; thence along Union to the street known as the Beloit and Janesville road. This route is said to be the one preferred by the company.

The railroad authorized by the ordinance it is agreed shall be built and in operation within a period of three years from the passage of the ordinance, and the power used shall be electricity or some power other than steam. The projectors ask also the right to erect necessary poles and wires for using the electric service and for lighting cars, etc.

To Keep Streets in Repair.
The projectors agree to keep the portion of the streets used by them in perfect repair, to conform to the city's requirements in paving, etc., at their own expense. Before they enter upon the actual construction of the road Mr. Clough and his associates promise to execute and deliver to the city a bond in the penal sum of \$5,000 with securities to be approved by the mayor, conditioned to hold the city harmless from all damages arising out of the construction or operation of the road.

Mr. Nye, who acted as spokesman for the party Monday evening, said that he and his companions would be in and near the city for ten days or two weeks looking over the proposed route and conversing with Beloit people on the proposition. After a conference with the judiciary committee of the council it is quite probable that a special meeting will be asked for to bring the matter to some definite head.

Some of the Plans

The gentlemen represent the party who were in Beloit several weeks ago and are the same men who secured a franchise to build a line from Rockford to the state line. Speaking with a representative of the News Mr. Clough asserted the statement that a power house would be built in Beloit if the franchise was granted so that lines could be built to Janesville, Delavan Lake and Rockford.

"We will pay the people of Beloit dollar for dollar that the granting of a franchise may cost them," he said. From the experience of other towns, he thought it safe to assume that Beloit would derive more benefit from the road than either Rockford or Janesville. But there are those in the city who hold the opposite view, and it may be a difficult matter to convince them otherwise.

CANDIDATE TEDDY NOW AT CHICAGO

Rough Rider Reaches the Windy City, and Consults With Prominent Leaders of the Party.

Chicago, July 18.—[Special Telegram]—Gov. Roosevelt arrived here at one o'clock and spent the interval until five o'clock, the time of his departure for the east, in consultation with Senator Hanna, E. C. Payne and others, who are also in town, searching for a building or headquarters.

SAY GOV. SCOFIELD WOULD BE SENATOR

CORRESPONDENT THINKS HE ASPIRES TO SPOONER'S PLACE

Announcement to Be Made When the Proper Time Comes—No Circuit Judge Has Yet Been Appointed For Milwaukee—The News of the Badger State.

Milwaukee, Wis., July 17.—Gov. Scofield, who spent the day in the city, said he had not determined who should be appointed circuit judge in place of the late Judge Johnson. There are all kinds of stories afloat concerning deals in which this matter figures, but all are lacking the remotest particle of fact. The judgeship will not be used by the governor to punish any one or to secure the support of any one in any campaign that it is proposed to make either this year or next.

After meeting a large number of his friends the story was current around town that the governor refused to be coaxed in the matter relating to the Payne-La Follette harmony program, and said that he was preparing a hot shot, which would be delivered after the state convention. It is also reported that the governor intended to be a candidate for senator to succeed Spooner, and that he would announce himself whenever he got ready to make his attack on La Follette.

In this connection it will be interesting to know that both Governor Scofield and Lieutenant Governor Stone are talking strongly of buying homes in Milwaukee and coming here to live. The latter has secured prices on several pieces of property on Prospect, Farwell, and other East Side avenues and streets, and some day he will bid good-bye to Watertown where he has lived for thirty one years.

Madison, Wis., July 18.—The opening session of the Monona Lake assembly occurred last evening at 7:30 when President Willett S. Main delivered his annual address. Other features of this session will be the formal dedication of the new auditorium and an historical address by Samuel D. Hastings, of Green Bay, one of the oldest directors of the association.

Pier Gave Way
Beloit, Wis., July 18.—Consternation to say the least was caused by a big party of excursionists at Reid's park, Lake Geneva, when a steamboat pier collapsed precipitating fully a hundred persons into the lake. For a moment many lives were endangered, but all were rescued and no one was injured. The mishap was due to overcrowding the pier and a lack of police authority in regulating the crowds.

Will Visit Alaska Gold Fields
Fond du Lac, Wis., July 18.—party of Fond du Lac people composed of Mr. and Mrs. M. D. Moore, Mr. and Mrs. Alexander McDonald, Capt. W. A. Knapp and Miss Minnie Knapp, accompanied by Mrs. Burt L. Shepard of Chicago, left last evening for Alaska to make a tour of the gold fields.

Hearing in August
Madison, Wis., July 18.—The State Tax commission will hold a hearing on taxation of telegraph and telephone companies sometime in August. Only one of the railway companies which were given a hearing two months ago has yet filed its brief. The time allowed for filing the briefs expired today.

Fire in a Tannery
Medford, Wis., July 18.—Fire at Perkinstown, destroyed the roll house and one of the buildings of the T. M. and F. D. Shaw Tannery company. The estimated loss on leather is \$20,000 and on the buildings and machinery \$5,000 which is partially insured.

\$4,000 For Lawrence
Appleton, Wis., July 18.—Fiscal agent J. S. Davis of Lawrence university today reported a gift of \$4,000 to the endowment fund of a chair in honor of Dr. George M. Steel, a former president of the college, and now residing in Chicago. The name of the contributor was withheld.

For \$20,000 City Hall
Manitowish, Wis., July 18.—At the council meeting a committee composed of Aldermen Pohl, Biegel and Blesh was appointed to look up a site for a city hall and report at the meeting, July 24. The proposed building will cost about \$20,000.

LA FOLLETTE THE CHOICE

Both Conventions Endorse Him, Praise McKinley and Scofield and Regret Senator Spooner's Retirement.

Two assembly district conventions were held in Janesville today.

Both endorsed Robert M. La Follette for governor, commended the administration of President McKinley and Gov. Scofield, and expressed regret at Senator Spooner's decision to retire to private life.

Dr. E. D. Roberts was elected as chairman of the First district delegation.

The First District convention was held at the common council chambers. The meeting was called to order by T. S. Nolan, chairman of the county committee. H. J. Cunningham was chosen temporary chairman and Charles L. Valentine secretary.

W. H. Appleby, E. O. Kimberly and W. H. H. Maclean were named as a committee on credentials.

On motion of S. B. Hedges, the secretary was instructed to cast the ballot of the convention for the following to be delegates to the state convention to be held in Milwaukee, August 8th.

W. F. Carle, David Conger, Fred L. Clemmons, E. D. Roberts, W. H. Appleby, H. J. Cunningham, M. H. Curtis, George Rummell and Ralph Bleasdale from Town of Janesville.

On motion of W. F. Carle, the chair appointed a committee on resolutions as follows: W. F. Carle, F. L. Clemmons and Peter Drafahl of the town of Rock. The committee reported the following resolutions which were adopted.

We, the republicans of the First Assembly district of Rock county in convention assembled, heartily endorse the administration of President William McKinley, in that he has so faithfully, promptly and efficiently solved the national questions presented to him for solution and by his wise and judicious management of affairs has placed this nation in a position to command the respect and admiration of the other nations of the world. Every pledge made by the republican party in its platform of 1896 has been honestly kept, and as a result, manufactures that were then idle, are now working full time, all kinds of labor are in constant demand at good wages, our foreign trade is constantly on the increase and the nation's treasury with a large and growing surplus. We endorse his renomination and supported as he is by a platform that is clean and distinct upon all the leading issues of the hour, we can but believe his re-election is assured by an increased and more pronounced republican victory than the party has ever received before.

We highly commend the present state administration in its efforts to give the citizens of Wisconsin an honest, faithful and economic government.

We deeply regret the decision of Senator John C. Spooner to retire to private life at the expiration of his present term of office, and trust, that before that time shall have arrived, the conditions that caused such decision shall have been, to him, satisfactorily removed.

In accordance with the sentiments of a large majority of the electors of this assembly district, we hereby request the delegates here chosen to attend the republican state convention to be held in the city of Milwaukee on Aug. 8th, to vote for, and use all honorable means to secure the nomination for governor the Hon. Robert M. La Follette.

W. F. CARLE,
F. L. CLEMMONS,
PETER DRAFAHL,
Committee.

The delegates met after the convention had adjourned, and elected Dr. E. D. Roberts, chairman of the delegation.

DR. SENN'S LIBERAL OFFER

Tenders Service to the Government to Care for Wounded in China.

Chicago, July 18.—Dr. Nicholas Senn, who laid aside his private practice as a surgeon to serve as a volunteer medical officer during the war with Spain, has again offered the United States government his services, this time to go to China to care for the American soldiers who may be wounded.

Dr. Senn has made a life-long specialty of the surgical treatment of gunshot wounds.

As volunteer in the Spanish-American war Dr. Senn went to Cuba, and was at the head of the army's medical forces in the field.

FIVE YEAR CONTRACT TOO LONG

Mayor Rose of Milwaukee, Will Veto the Measure If Passed.

Milwaukee, July 18.—Mayor Rose sent in a communication to the council stating that a five-year lighting contract would meet with a veto. The mayor in his communication stated that there was a question of law as to whether the city could enter into a contract for longer than one year, he requested that the city attorney be consulted on this point. Under all circumstances, he informed the council a three-year old contract was the limit.

The second District convention was held at the circuit court room. It was called to order by W. A. Jackson. Rev. Henry Sewell, of Evansville, was elected chairman, and W. S. Hedges of Edgerton, secretary.

On motion of E. H. Fiedler of Evansville, the following delegates to the state convention were chosen:

T. B. Earle, Edgerton.
John Boyd, Lima.
I. U. Fisher, Center.
J. H. Hurd, Fulton.
V. Wood, Johnston.
F. J. Mount, Harmony.
O. C. Howard, Magnolia.
E. Stebbins, Porter.
P. C. Wilder, Evansville.
B. W. Hubbard, Lima.
W. H. Morgan, Milton.

The committee on resolutions, composed of W. E. Stebbins, Cooksville; Charles Button, Milton Junction; and Fred Gilman of Evansville, reported resolutions as follows:

The resolutions were as follows: "The Republicans of the Second Assembly District of Rock county in convention assembled most heartily endorse the administration of President McKinley. We pledge our support to the national republican platform and ticket."

"We endorse the wise and business like administration of Governor Scofield. Recognizing the eminent ability of Senator John C. Spooner and appreciating the large measure of his services to his country, the republicans of the Second Assembly District of Rock county take this first opportunity to manifest their regret at his fixed determination not to be a candidate for re-election and to express their sorrow that considerations of personal and family welfare compels him to retire from the public position to which he was elected by the unanimous vote of the Wisconsin legislature."

"We recommend that this convention instruct its delegates to the state convention to vote for and use all honorable means to secure the nomination of Hon. R. M. La Follette for governor."

The credential committee was composed of T. B. Earle, Frank Mount and B. W. Hubbard.

CHEER ROOSEVELT AT MILWAUKEE

Crowd of People Heard Him Speak at the Depot—Enthusiastic Assembly at Every Town.

Milwaukee, Wis., July 18.—[Special Telegram]—Candidate Roosevelt was awakened early this morning in Wisconsin by crowds who came to the depots to greet the Rough Rider on his way home from St. Paul. At various stations the people cheered him heartily. Twenty-five hundred met him here where he made a short speech along expansion lines.

He arrived here at 10:45 o'clock this morning, and was given an enthusiastic greeting. Pursuant to the call of the secretary of the county committee, a large party of prominent republicans met at the Hotel Pfister this morning and marched to the train headed by Claunder's band. At the depot the band serenaded the governor and the people cheered wildly. The governor was introduced by Senator Quarles, and spoke briefly from the depot steps.

At 11 o'clock the train pulled out for Chicago. There was a great deal of interest among Milwaukeeans to again greet the Rough Rider, who made a very pleasant impression in this city upon the occasion of the second summer carnival.

NO CABINET MEETING WAS HELD TODAY

Unless Present Plans Miscarry the President Will Return to Canton Tomorrow Night.

Washington, July 18.—[Special Telegram]—It was officially stated at the White House this morning that there would be no cabinet meeting today. Unless present plans miscarry the president will return to Canton tomorrow night.

JANESVILLE MAN TAKEN IN
CHARGE AT CHICAGO.

Chief of Police Kipley deemed the evidence against Patrick J. Sheehan and John Mosher, the two officers accused before the Chicago civil service commission of robbing Hugh McDougall, so damaging that upon the conclusion of the proceedings last night he arrested the men in person on warrants sworn out before Justice Martin. President Lindblom had just directed that an adjournment of the inquiry be taken until today when the chief, who was an interested auditor and frequently took part in the examination stepped up to the suspended patrolmen as they were about to go and informed them that they were in custody. Sheehan and Mosher were given over to Detectives Woolbridge, McGrath and DeRoche and taken to the Harrison street station to await bail.

Earlier in the day an attempt was made to checkmate the chief by arresting the officers. They were brought before Justice Gibbons and promptly released through lack of prosecution, as no information of the ruse had come to the ears of the civil service commissioners. It is expected that a bitter fight will be made in the courts for a release on the ground that the men cannot be placed in jeopardy twice on the same charge.

IN FAVOR OF RETREAT

UN-AMERICAN POLICY OF THE DEMOCRATIC PARTY.

In the Various State Platforms Surrender is the Keynote—Republicans Will Vote For Extension of Our Influence.

All Republicans are in favor of an American policy. Every man who votes for McKinley and Roosevelt in November will know exactly what he votes for, says the Chicago Inter Ocean. He will vote to increase rather than to decrease the influence of the United States as a world power. He will vote to keep the American flag where our soldiers and sailors have placed it. He will vote against surrendering any American territory, against retreat from any position gained by American valor. He will vote definitely to sustain our soldiers in the Philippines, to maintain and increase our influence in Hawaii, Porto Rico and Cuba and will vote to forward the interests of the United States in preference to the influence and interests of any other country.

Every voter will know where McKinley and Roosevelt stand on the great questions that have been discussed in the last two years. The voters will be a positive force, not a negative one. The Democrats, on the other hand, will vote for what? If they follow the platform adopted by the Cook county Democratic convention, they will vote against maintaining American influence in the Philippines, in Cuba, in Porto Rico or Hawaii. They will vote in favor of retreat and surrender. If they follow the platform in Texas, they will vote in favor of the retirement of the United States from the Philippines no matter what becomes of the islands. If they follow the impulse of the Pacific coast Democrats, they will vote for the retention of the Philippines. If they follow the lead of Mr. Bryan, they will not know what they vote for. If they follow the lead of Mr. Hill of New York, they will not vote for what Mr. Bryan represents. If they follow the lead of General Black in Chicago, they will not vote for the policy declared in the Cook county Democratic platform. If they follow the impulse in several southern states, they will stand with General Joe Wheeler rather than with Bryan.

Represented by the platform in Texas and the platform in Cook county the Democratic party is un-American, is simply an aggregation of antiwar, anti-expansion, anti-Republican elements. Just now the Democratic newspapers are making much of mugwumps and others who criticize McKinley and Roosevelt for their war policy. General Beatty of Columbus, O., is paraded as an influential Republican who has deserted the party because of the nomination of McKinley and Roosevelt. General Beatty has been a chronic sorehead ever since 1880. In 1896 he entered the campaign to champion the cause of McKinley mainly on the financial plank of the St. Louis platform. Now he takes the position that as the currency question is settled he is at liberty to join the bushwhackers opposing the expansion policy of the Republican party. General Beatty has no following, and it was said in 1896 that he weakened rather than strengthened the Republican cause in the Columbus district. At all events one of the most violent of copperhead Democrats was elected congressman over a Republican who had served the district well.

The Democratic platform makers, it will be noticed, borrow the utterances of clubs or societies to express their sentiments on national questions. They seem to be poverty stricken in language as well as in principle. They have no rallying cry as in 1896. They are enthusiastically in favor of nothing except retreat and surrender, and the Panel House Democracy of Chicago goes further in surrender and retreat than the Democracy of Texas.

Wool Importation.
Nearly 351,000,000 pounds of foreign wool were imported into the United States during the fiscal year ending June 3, 1897, just before the Dingley tariff became law. Last year there were less than 77,000,000 pounds of foreign wool imported, a difference of 274,000,000 pounds under protection.

England's Real Friends.
The Democratic leaders have much to say about an alleged undue friendliness for England. Yet they would give England a monopoly on building ships for the American shippers.

A BATCH OF NOSTRUMS.

False Tactics to Which the Democrats Are Resorting.

Looked at in a large way and with the perspective of finished history to set it off the party called Democratic is clearly seen to have played one role to perfection, that of opposition. Mere opposition is not statesmanship, of course, but it has seemed to be the best the Democrats had to give. The sincerity of an opposition party is tested by its acts when in power. This rule applies well in this case.

The most commanding cause to which the Democratic party has committed itself since the extinction of slavery is that of low tariff or no tariff. To the time of that wary Mr. Cleveland rode into power and then strove with all his might and main to make his theory into law. But many of his party leaders had merely used the cry of "tariff reform," as they would have used any other, to carry the country, and they balked at absolute free trade. The Wilson act was injurious enough to domestic industry, but it fell so far short of Mr. Cleveland's radical ideal as to call forth his bitter denunciation and his refusal to sign the bill. The party had not the reckless courage to put all of its destructive professions into practice.

How about the anti-trust cry and the anti-imperialist cry? They are merely weapons snatched up on the field of battle for temporary use. They are not the result of the deep ponderings of sincere statesmen and the slow growing convictions of the masses of men. The policies of a great nation should not be and are not the sudden fruit of flighty brains. They are almost always of slow growth, the result of setting and solidifying processes in the common thought.

The Democrats have hastily seized upon the cries of anti-trust and anti-imperialism, and in so doing they are trying to convince the country that they are opposing Republican policies. That is altogether an artificial and false position, and therefore the Democratic plea is weaker than in previous campaigns. That that party, if intrusted with power, would accomplish any wise end in the direction of its warcries there is no reason for believing, and therefore there is no reason for intrusting it with power.

That Tariff Wall.
During the free trade administration, when there was no tariff wall of protection, we exported on an average \$149,024,409 each year more than we imported.

During the protective tariff administration of President McKinley we have exported an average of \$484,708,015 a year more than we imported.

With the tariff wall of protection built high up around our home market the markets of the world have taken every year \$335,748,006 more of American products and manufactures than they did under free trade.

Moral.—Protection is the better policy for the American farmer, wage earner and manufacturer. —Lewiston (Me.) Journal.

A Word About Custom Receipts.
In the four years of President Harrison's administration under protection the customs receipts of the United States amounted to \$829,908,771. In the four years of the Democratic administration ended in 1897 our customs receipts amounted to only \$620,553,077. The difference between Republican and Democratic policies was worth to the United States treasury almost \$210,000,000 from this source of revenue alone.

Cotton Workers Bug.
In 1894, during the Democratic administration, the cotton mills of the United States consumed only 10 per cent of the entire average cotton crop. Last year they used over 27 per cent, and this year they will use about one-third of the whole crop, more than twice as much as in 1894. Workers in the cotton mills should not forget that Republican administration means double the quantity of work and higher wages besides.

Free Trade Versus Protection.
In the United Kingdom the average amount of money to the credit of each depositor in the savings banks is \$103. In the United States it is \$370, over 250 per cent more than in the British country.

Blackburn Ungrateful.
In declaring for the repeal of the Goebel law the Hon. Joe Blackburn makes a vicious kick at the ladder which enabled him to secure a re-election to the United States senate.

CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

Cancer runs in families through many generations, and those whose ancestors have been afflicted with it are liable at any time to be stricken with the deadly malady.

Only Blood Diseases can be Transmitted from One Generation to Another

—further proof that Cancer is a disease of the blood.
To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectually and permanently but S. S. S.

S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and forces out the deadly poison, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health.

A little pimple, a harmless looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keesling, 341 Windsor Ave., Bristol, Tenn., writes: "I am 47 years old, and for three years had suffered with a severe form of Cancer on my jaw, which the doctors in this city said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, much to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, am enjoying perfect health."

Our medical department is in charge of physicians of long experience, who are especially skilled in treating Cancer and other blood diseases. Write for any advice or information wanted, we make no charge whatever for this service.

Wisconsin Weather Forecast
Fair tonight and Thursday warmer.

THIS DAY IN HISTORY.

1776—John Jay, the patriot hero, died in Paris; born 1747. Jones was a surname assumed by this eccentric Scotchman, who was christened John Paul. He was early engaged on a slave and afterward in the merchant service. On the formation of the first naval force of the Revolutionary government in 1775 John Paul was named the "senior first lieutenant."

1872—President Juarez of Mexico died; born 1806.

1885—Arthur Penrhyn Stanley, D. D., LL. D., dean of Westminster, died in London; born 1815.

1887—Robert Mercer Taliaferro Hunter, once a leading southern statesman, died in Essex County, Va.; born 1809.

1892—Rosa Terry Cooke, American authoress, died at Springfield, Mass.; born 1827.

1904—Léonide de Lisle, French poet, died in Paris; born 1818.

1905—Charles Frederick Schenck, ex-president of Switzerland, died at Bern; born 1825.

1906—Terrell G. Alger, famous as a writer of stories for boys, died at Natick, Mass.; born 1864.

A SIGNIFICANT STRAW.

Argentine, Kansas, isn't much of a town, but they have just organized a McKinley & Roosevelt club there, and each of the forty members is an ex-demonstrator. The club has issued the following address:

"We, the undersigned Democrats of Argentine, believing with regret that the platform adopted by the democratic national convention for 1900 fails utterly to express the principles of true democracy, but declares only for populism, socialism and Bryanism, dangerous alike to the nation and to the business interests of all classes of citizens, and in the present measure of prosperity now enjoyed by the country, do hereby pledge ourselves to support the republican national ticket in the coming election, feeling that the interests of the country are safer in the hands of McKinley and Roosevelt than they would be in the hands of Bryan and Stevenson."

Most of the members are smelter employees, who say they have no desire to return to the "half time" schedule that was in effect prior to McKinley's election.

William J. Bryan says "imperialism" is the chief issue, thus relegating silver to the rear. And Mr. Bryan's definition of imperialism in brief, is "government without the consent of the governed." This leads to the conclusion that Bryan would have had Dewey, after smashing the Spaniards, go and ask Aguinaldo for orders. The American flag was never trailed in the dust before semi-savage tribes and it never will be either, Bryan or no Bryan.

A Californian named Hennessey wagered \$10,000 against \$4,500, with a New York corporation lawyer named Green, that President McKinley would be re-elected. The Bryan plutocrat appears to be well named, as he will certainly lose his \$4,500.

When a policeman does crooked work, he should get a double dose of law. Chief Kipley of Chicago, is of this opinion, apparently, as his action in the recent trial in that city shows.

Editor Godkin of New York, said President McKinley and his cabinet officers were scoundrels, but the names the people have called Godkin are unprintable.

So far as Wisconsin is concerned, Senator Spooner appears to be also considered "first in war, first in peace and first in the hearts of his countrymen."

The Prince Albert coat must also go. The Prince of Wales has decreed that they cannot be made double-breasted and that, of course settles it.

St. Croix county elected La Follette delegates. Evidently St. Croix things "Bob is the box."

Now that the Chinese have tackled Russia, something will happen without further delay.

Willie Walley Astor was also nipped by a biting frost.

Confirms Relief of Kumaest.
London, July 18.—The colonial office announces the receipt of a telegram from Col. Stuart of Cape Coast, Africa, saying that an apparently authentic messenger confirms the reported relief of Kumaest on July 15.

REJOICE IN COMRADE'S ESCAPE

Y. M. C. A. Workers at Geneva Lake Pray for American in China.
Williams Bay, Wis., July 18.—At the twilight services of the Y. M. C. A. volunteer conference at Lake Geneva the work of the American representatives in foreign fields was reviewed, and special prayer offered in their behalf. General thanksgiving was expressed on learning that the four association workers in China had escaped the fury of the Boxers. These are William D. Lyon, Robert E. Lewis, F. S. Brockman and Robert Gailley, all of whom were formerly prominent in the conferences at Geneva Lake. Mr. Lyon is organizing association work in Korea. The others are in Shanghai. D. A. Budge of Montreal spoke this morning and evening. The rain interfered with the athletic program during the day.

Later Report from Coleman, Texas.
Coleman, Tex., July 18.—Fatalities due to the cloudburst are now known. The list of dead follows:
J. N. Cheek and wife of Milam county, Texas. M. Pate, wife and two daughters, Bertie and Lizzie, of Comanche, Tex. Annie Brown, Coleman. Ivey Brown, Coleman. J. O. Stacey, Coleman. John Bulisstein, Coleman. J. O. Spath, Coleman.

Home Creek, seven miles south of Coleman, is now on a rampage, and great damage is being done as a result of the cloudburst which struck Coleman.

Cleveland Caddies Strike.

Cleveland, O., July 18.—The caddies employed on the golf links of the Cleveland Cricket and Golf club are on a strike for an increase of 5 cents an hour in their wages. Several of the strikers gathered about the new caddies and began yelling "scab," and one of them, James Ager, was arrested, and to-day Judge Fiedler fined the former caddy the costs.

Lost in a Utah Desert.

Williams, Ariz., July 18.—News has reached here of the death of J. M. Menck upon the desert of southern Utah. Menck left here June 24 in company with four others for southern Utah, in quest of a far-famed lost copper mine. He was a representative of the Smithsonian institution, about 50 years of age, a graduate of Johns Hopkins university.

Tokyo Fire Walkers.

A Yokohama correspondent of the Indianapolis Press, who witnessed the religious ceremony of fire walking in Tokyo, says: "There were present diplomats and professors from the Imperial college and an Episcopal bishop, and we think there is sufficient evidence to prove that several Japanese women did walk through the fire. A doubting Thomas gathered up some of the salt in which they rubbed their feet, both before and after their hot walk, to take away and analyze. Another suggested that the bamboo pole that was used to make the path was hollow and may have contained a substance that sifted out as it was drawn backward and forward that destroyed the heat. The little 'amak' of my friend, when asked why the feet were not burned, replied, 'Much pray, much pray.' We have stated facts. The interpretation must come from those versed in the occult sciences."

A Great Truth.

"I wouldn't do your kind of work even if I could," said Rubberfoot Bill, the sandbagger. "This here thing of gettin a man's confidence an then throwin him down is too low for me." "It ain't me they have the confidence in," explained Greengoods George. "It is themselves they are so sure of. See?"—Indianapolis Journal.

In Size.

Willie Good—Pa, our teacher says that "collect" and "congregate" mean the same thing.

Rev. Good—Well, you tell your teacher that you have information that there is considerable difference between a congregation and a collection.—Baltimore American.

Lost No Time.

Parke—I told my wife she could sell if she desired the furniture that had become too bad for use.

Lane—She was prompt to take the hint, was she?

Parke (sadly)—Was she? There isn't a thing left.—Harper's Bazar.

Legality of 8-Hour Day.

A statute making it unlawful to work more than eight hours per day in mines or smelters is held, in re Morgan (Col.), 47 L. R. A. 52, to be in violation of constitutional guarantees of liberty, and the right to acquire, possess, and protect property, notwithstanding a decision of the supreme court of the United States holding that the federal constitution was not violated by such a statute.

Darkness Injures Eyes.

To keep a horse in a dark stable is cruel to the animal and dangerous to its owner. The retina becomes deadened and more or less useless, and after a time the sight is seriously impaired. The horse starts and shies at objects it sees imperfectly.

New Industry for Kenosha.

Kenosha, Wis., July 18.—It is expected that Chicago capitalists will erect a large agricultural implement plant in this city. F. J. Taylor is here looking over the proposed site.

Racine Mill Brings \$65,000.

Racine, Wis., July 18.—The Racine Milling company's property was sold to-day to W. H. Hopkins of Chicago for about \$65,000.

AN ABUSIVE LANGUAGE CASE

State of Wisconsin Is Plaintiff and Maggie McGovern Defendant.

The case of the State of Wisconsin against Maggie McGovern of Magnolia, charged with using abusive language, is on trial in the municipal court today. Edward F. Carpenter appears for the state and Smith & Pierce for the defense. The courtroom was well filled with interested spectators, many of whom drove in from Magnolia to hear the case.

"FORTY-FOUR." Dedrick Bros.

HANOVER

Hanover, Wis., July 7.—Mrs. Fieblorn of Berlin, Wis., is visiting her daughter, Mrs. W. Seidmore.

Mrs. Matie Lynch and children of Michigan are visiting Mrs. F. B. Child. The Fin de Siecle club held one of their enjoyable dances last Saturday evening. Ice cream and cake were served.

Seventeen ladies of the Janesville Eastern Star Chapter spent Thursday of last week with Mrs. E. G. Brown.

F. O. Uehling and daughter returned from Rockford Saturday evening.

Casper Uehling and wife of Afton spent Sunday with F. O. Uehling.

The union Sunday school has reorganized in this village.

The Klondike has resumed business after being closed for one week.

There will be a missionary meeting held at the Grove church Sunday, July 29. Rev. Sommers officiated in the forenoon and Rev. Budler of Monroe in the afternoon.

Mr. and Mrs. George Bickwell of Janesville spent Sunday with W. E. Walters.

Mrs. Ed McLan and children of Green Bay are visiting friends here.

S. Seidmore is building an addition to his tenant house.

Mrs. M. Burlingham and Miss Nettie Burlingham returned to Shullsburg Saturday evening after spending a week with Mrs. E. G. Brown.

Mr. and Mrs. Bert Kendall were visitors from Afton Tuesday.

Rev. Mueller and family have returned from a three weeks' visit to Fort Wayne, Ind.

CANNOT GET CIGARS BECAUSE OF STRIKE

LOCAL DEALERS AND DRUG- GISTS BUSY EXPLAINING,

Shortage in the Supply of Many Well Known Brands and Orders Are Not Filled—Local Made Goods Take Their Places—A Critic's Warm Praise.

Local cigar dealers and druggists are kept busy "explaining things" these days.

"Sorry," said a salesman to an old customer this morning, "but we have no Golden Crowns in stock and cannot get them because of the strike."

"Well," replied the customer, "then give me a Tom Moore."

"We are out of that brand, too," said the clerk, "but here is a splendid Janesville made cigar and I don't think you'll regret buying it."

"I have smoked the Golden Crown for years," said the purchaser, "and no other cigar suits me. When I can't get the Golden Crown I feel the same as I do when I can't get my favorite Chicago paper or monthly magazine. But what can't be cured must be endured, and the Janesville cigar I am smoking is certainly good enough for anyone."

And so it goes. The continuation of strikes of cigar makers in Key West, Tampa, and New York is having a serious effect upon the local market in creating a shortage in certain brands of cigars usually carried by dealers. As the strikes are not general, the shortage affects some dealers and not others. Some that were affected earlier in the summer are not suffering a shortage at present. But the shortage makes a clear loss of business in most cases, as it is seldom a firm carries a cigar similar enough to another in its stock to be sure of holding its trade.

The Best & Russell company is the most seriously affected at present. It has been handling the product of a factory in New York that has had a strike on for five weeks, and some of its best brands are made by that house. According to the statement of the firm yesterday, the strike has cost the Chicago house two-thirds of its trade on that manufacture of cigars. The firm has been sending about \$70,000 in orders every month to manufacturers, but since the strike the remittances have run as low as \$25,000. The Florida strike has not affected this firm.

Factions Among Workmen.

The firm of J. & B. Moos is affected more seriously than any other by the strike in the south. But work is being resumed in the Principi de Gales factory, from which the firm gets the most of its stock. The strike affects only the cigar Havana trade, but J. B. Moos said yesterday that he considers the loss of this firm to be fully 100,000 cigars. He says that the strikes at Tampa and Key West are an outgrowth of the labor trouble last summer, as the settlement had not proved to be satisfactory to the men. There are two factions of cigar makers there—the Cubans and the Spanish workmen—and they will not work together in the same factory. That makes it necessary for a manufacturer to get his employees entirely from one or the other faction.

Franklin MacVeagh & Co.'s trade was affected a few weeks ago by the strike in New York, but the manufacturer had his cigars made at a factory in Pennsylvania. Reid, Murdoch & Co. are little affected, because, while the strike at Tampa has shut off the supply of one brand of its good, the firm has another brand that was near enough like it to serve as a substitute for the trade to a great extent. The Eugene Vallens factory was not affected, because the goods sold to its western trade are made at the Chicago branch factory. The factory of the firm in New York has not had a strike.

Use Janesville Product.

All the local dealers tell the same story, and all offer the same solution—smoke local goods.

"There is a cigar," said a dealer as he lighted a well known local brand, "that cannot be beaten by anything on the market at the price. No cigar could be more honestly made, and the material is the best that can be had. There is better value in that cigar than any other that we sell. It is good enough for anyone and can see to reason why outside cigars should be bought when the local goods are of such a high order. However, many outside made goods are very popular and we keep the line. If local smokers will patronize home industries during the present trouble however, I think they will become acquainted with the fact that Janesville manufacturers give better value than any other firms in the country."

Feitinger-Sanborn

At 8:30 o'clock this evening at the residence of Solon F. Sanborn, uncle of the bride, residing at 30 Clark street, the Rev. Walter A. Hall will pronounce the words that will unite in marriage Burton Osborne Pettinger of Midway, Wis., and Miss Jennie Elizabeth Sanborn of this city.

The bride is a young lady whose many social qualities have won for her a host of friends. The groom is a resident of Midway, Wis., where he is held in high esteem. The many friends of the happy couple wish them much joy. They will be at home to their friends at Midway, Wis., after July 23.

Jaeger-Bennett

Today, at the home of the groom's parents, Mr. and Mrs. Herman Jaeger, in the town of Farmington, near Helenville, Jefferson county, Wis., Rev. J. C. Himmeler, pastor of the Helenville German Lutheran church, will join in the holy bonds of matrimony, Herman H. Jaeger and Miss Martha Bennett.

Upon their return to this city the happy couple will make their home at 351 Linn street.

GRAHAM IS DEAD AT THE HOSPITAL

EVANSVILLE MAN PASSED AWAY EARLY THIS MORNING

System Was So Weakened by the Loss of Blood That There Was But Scant Hope of Saving His Life—James Graham Dies at Sioux Falls, South Dakota.

Robert Graham, of Evansville, who lost his left leg Tuesday night by being run over by a Chicago & Northwestern passenger train one mile north of Clinton, died this morning at three o'clock at the Palmer Memorial hospital, from the effects of his injuries.

The attending physician had hopes that he would survive the operation, but on account of the large amount of blood lost before he was picked up, his system could not withstand the shock.

The remains will be taken to Evansville for burial.

James Jameson.

The Sioux Falls Argus-Leader gives these facts concerning the death of a former Rock county man:

The people of Sioux Falls will hear with sorrow of the news of the death of James Jameson.

While it has been feared for several weeks that his illness was a fatal one and while his friends were thus in a measure prepared for the sorrow his death brings to them all, there was a constant and strong hope that the malady might be abated. Mr. Jameson was one of the oldest of the residents of Sioux Falls, having resided in this city since 1838 and during that time he has been one of the most prominent and popular of her citizens. Always genial, kindly and helpful he was the best of neighbors and the warmest of friends.

As a citizen of uniform public spirit he identified with all the public movements which have raised Sioux Falls from a country village to a city and his voice and his means were used to promote the growth and prosperity of the community, while his private enterprises have greatly enriched and beautified the town. As a business man he has been one of the largest operators and most extensive builders in the city and several large and handsome structures remain as monuments of the enterprise of himself and his partner, Mr. Edmonson, among them the Edmonson-Jameson building, the largest and finest in the city, being the chief. No resident was more highly respected and the loss of none will be more deeply regretted by the entire body of our citizens.

Mr. Jameson was born on September 27, 1844, in Rochester, New York, and was reared on a farm near Janesville, Wisconsin. For seven years he was engaged in farming in Iowa and came to Sioux Falls in 1883, since which time he has lived here. During most of his life in Sioux Falls he engaged in the real estate business and in building and renting office buildings. Mr. Jameson leaves behind him a wife, three sons and three daughters and hundreds of friends in Sioux Falls and vicinity. His loss will be keenly and universally felt.

WANTED—Men to work in the woods and mills at Jeffers, Wis. Wages \$26 to \$30 per month and board. Inquire D. K. Moonlight, N. River street.

MOONLIGHT excursion given by Y. P. 8 of Trinity church Monday, July 23. Columbia leaves at 7:45 p. m. Tickets, including dancing, 25 cents.

Our 44-cent team and our 22-cent coffee go hand in hand. You know the one try the other. Best in the world for the money. Dedrick Bros.

The ladies of the Afternoon Whist Club that have been in camp at the Swiss Cottage, Lake Geneva, returned home last evening. They report a most enjoyable time.

SPECIAL bargains that are worthy the attention of every careful buyer are offered by us for tomorrow. The sale is a money maker for every purchaser. Bort, Bailey & Co.

The price of the tickets for the groceryman's picnic will be \$1.25 the round trip, good on any of the regular trains that day; they can be secured at any grocery store.

The regular meeting of the W. man's Christian Temperance Union will be held in the parlors of the Baptist church, Thursday, July 19, at 3 o'clock. Mrs. Poorman will have charge of the program.

ARRANGEMENTS have been made by the groceryman with the steamboat line at Waukesha Beach to carry people around the lake for 15c the round trip. The regular fare is 25c so that the concession will be appreciated.

The Crookston Daily Journal of July 16 prints the following: "An informal dancing party will be given at the hotel Crookston next Friday in honor of the Misses Copeland and Miss Ruth Oliver who is also visiting in the city."

TICKETS for the groceryman's picnic tomorrow are on sale at the C. M. & St. P. Ry. ticket office as well as all grocery stores. If you cannot purchase a ticket today you can secure one at the train tomorrow morning. \$1.25 for the round trip, good on any train.

The Grocers excursion from Freeport to Rockford over the St. Paul road was a great success. Four special trains were run, carrying 2,041 people. The managers of the excursion to Waukesha Beach tomorrow hope to beat the record, and think they will.

The special train for Clear Lake, Ia., via the O. M. & St. P. Ry. on July 21st, will leave Janesville at 1:30 Sunday morning, take breakfast at Prairie Ohio, arriving at Clear Lake, Iowa, at 11:50 a. m. Returning leaves Clear Lake on special train at 8 p. m. Sunday or any regular train on July 23rd. Only \$2.50 for the round trip to visit the most delightful summer resort in the state of Iowa. Tickets may be secured at any time on Saturday.

To ward off danger from the heat, and in comfort sultry weather greet, Keep cool by taking Turkish Baths, Enjoying life in pleasant patios.

The best will quicken and give strength, Use will fortify and add years in length, Reduce life's friction; make one strong; Keep one well and life's joys prolong; In Turkish Baths, right here at home, Have courage and the faith to show Better things than ill-health, you know. Attain the best in all things here, The better to serve the ones held dear. Hold to cleanliness, culture refined, So health and wealth you'll surely find.

Our Forty-Four" tea at 44c a pound is equal to any 50 cent grade. Dedrick Bros.

Minority stockholders smash doors and gain control of the Joliet Wire company's plant.

St. Louis Transit company refuses to submit the differences that exist between its employees and itself to arbitration.

..LATE TELEGRAPHIC NEWS..

CHRISTIAN ENDEAVORERS.

World's Convention of the Association.

FORMER OFFICERS RE-ELECTED

Papers Submitted by Dr. Francis Clarke and Others—Great Interest Is Manifested—Christians from Many Lands Act in Unison.

London, July 18.—Dr. Francis E. Clarke of Boston, opened the fourth day of the world's Christian Endeavor convention in the Alexandra Palace here, by presenting his annual report, showing the growth and progress of the organization. He also spoke of the Christian Endeavor work in the many different lands he has visited since his departure from Boston six months since. Secretary Baer of Boston, followed with his annual report, and Secretary Chaplin gave the figures of the year as regards the British association.

"Nineteen years ago one country—America—giving birth to our society; today every nation and land flies the Christian Endeavor banner. Quietly and steadily, and at the same time with wonderful rapidity and vitality, has this new force come into the church life of the world, and we are only beginning to appreciate how strongly the ties of international fellowship and brotherhood are being cemented by Christian Endeavor. We find in the land of its nativity, the United States of America, the largest number of Christian Endeavor societies. The enrollment is 43,262 societies. Great Britain (and these figures include England, Ireland, Scotland, and Wales) comes next with about 7,000 societies. Let me turn aside here to invite the jingo politicians in Great Britain and those in the senate of the United States, who rejected the arbitration treaty between England and the United States, to consider the Christian Anglo-Saxon alliance already formed between young America and young Britain by the members of these more than 50,000 societies of Christian Endeavor. And then we are pleased, while our hearts are beating with true patriotism, to think of our brothers and sisters in Australia and Canada loyal to Victoria, their queen, beloved by us all."

The Rev. Francis E. Clark and John Willis Baer were elected respectively world's president and secretary of the Young People's Society of Christian Endeavor. They and other prominent members of the society will go to Paris to attend the Christian Endeavor convention there on July 22. Mr. Clark will be occupied in attending various European conventions of Christian Endeavorers until Sept. 1.

Beginning in 1881 with one society and fifty members, in 1900 the association has nearly 60,000 societies and more than 3,500,000 members. Secretary Baer said:

China Leads the Way.
Mr. Baer said China, poor, bleeding, storm wrecked, was the first foreign country to take from the United States the Christian Endeavor seed, and now has 148 societies; India has 459; Germany, 168; Africa, 139; France, 69; Jamaica, 129; Mexico, 110; Madagascar, 93; Japan, 73; Turkey, 60; Spain, 36.

The total enrollment outside the United States and Canada, including the South American republics, missionary lands, and the islands of the sea, is 12,540 societies. "This figure," said Mr. Baer, "augmented by the greater number in the United States and Canada, makes an interdenominational, international, and interracial brotherhood for Christ and the church" of 59,712 local societies, with a total membership of 3,500,000. Keep in mind that Christian Endeavor is now nineteen years old, and that the first society of Christian Endeavor was made up largely of young people under 18 years of age, and you will understand why, in the last few years, over 1,000 intermediate Christian Endeavor societies have come into existence. The most of these at present are to be found in the United States. The intermediate society fills a needed gap in the development of all-round Christian life between the boys and girls of the Junior society and the young men and young women of the Senior society. We expect to see other countries enthusiastically and profitably adopting this latest adaptation of Christian Endeavor methods in modern church work."

Mr. Baer concluded his report with an exhortation to his hearers to press forward with a quickening pace and an unbroken front against the hosts of sin.

In the afternoon there were several large meetings, the most notable being a temperance rally, with the queen's chaplain, Rev. Canon Barker, and Lady Henry Somerset as the chief speakers. Other meetings and rallies during the day were a Christian citizenship meeting, addressed by Dr. Woolfkin of Brooklyn, Percy Bunting, editor of the Contemporary Review, and Mrs. Francis E. Clark; a pastors' meeting, addressed by Bishop Walters and Rev. W. L. Watkinson; a "tenth legion" and "quiet hour" meeting, addressed by Treasurer Shaw and Rev. J. G. Raws of Australia.

WHAT AMERICANS WON.

All but Five Championships Captured by Uncle Sam's Athletes.

Paris, July 18.—Of the twenty-one athletic championships decided at Paris in the last three days, America won sixteen of them. Thirteen seconds and twelve thirds complete the list of what the athletes from the United States have accomplished. In the games Ray C. Ewry, who at one time wore the colors of the Chicago Athletic association, but who now flaunts the winged foot of the New York Athletic club, won four of the events. He cleared 5 feet 4 1/2 inches, world's record, in the high jump. He also won the three standing jumps with 34 feet 8 inches, the standing broad jump and the hop, step and jump. Kraenzlein, university of Pennsylvania, won the 200-meter hurdles by two yards; Tysoe, an Englishman, won the 300 meters, while Flanagan threw the hammer 167 feet 4 1/2 inches. Colleges that did not compete are sore on Pennsylvania, but it is pointed out by the Quakers that if they hadn't America would not have won.

COTTON WANTS PRIZE MONEY.

Commander of the Harvard Would Intervene in Sampson's Suit.

Washington, D. C., July 18.—Judge Hagner of the District Supreme court has issued an order requiring Admiral Sampson and special attorney for the United States to show cause why Rear Admiral Charles S. Cotton, who commanded the Harvard in the battle which resulted in the destruction of Cervera's fleet, should not be allowed to intervene in the suit for prize money brought by Admiral Sampson on account of the destruction of the Spanish vessels.

Republican Clubs Meet.

St. Paul, Minn., July 18.—The national convention of the League of Republican clubs was called to order in the Auditorium, nearly 2,000 delegates being present. It is expected the convention will last two days. Address of welcome occupied nearly all of this morning's session. Gov. Roosevelt made an address. This evening Senator C. K. Davis presided. The closing session will be a business affair strictly, and will conclude with the election of officers. Col. Stone says he will not accept a re-election. Senator Hamilton of Illinois probably will be chosen in his place. The other officers will be re-elected. The Minnesota state convention of Republican clubs was a great success, the credentials committee reporting 1,267 of the 1,543 delegates as being actually present. W. L. Windom of Duluth was elected president, Fred S. Bryant of St. Paul secretary and Capt. C. C. Whitney of Marshall treasurer. The constitution was amended in favor of biennial instead of annual conventions, and changes were also made in the form of organization. Speeches were also made by Capt. Van Sant, candidate for governor; Congressman J. A. Tawney, Lieut.-Gov. Lyndon A. Smith and others.

Sealing Claims Arbitration.

Ottawa, Ont., July 18.—The minister of marine has announced that after several years' negotiation an agreement was reached last week among the governments of the United States, Great Britain and Russia as to the terms of arbitration of claims arising out of the seizure of American and British sealing vessels by Russian cruisers in the north Pacific in 1892. An arbitration will therefore be proceeded with.

Every Month

In the year most women have to suffer for a week. At the best this suffering interferes with household activities and social enjoyments. At the worst it shuts the woman in a darkened room or confines her to bed. Most women can be completely cured of irregularity by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, stops enfeebling drains and cures female weakness.

"All praise is due to you for your wonderful Favorite Prescription," writes Mr. John W. Coffman, Elmhurst, Casey Co., Ky. "My wife suffered with female irregularity; was confined to bed every three weeks. After using two bottles of Dr. Pierce's Favorite Prescription was cured, and has not suffered any derangement since. Your Favorite Prescription is a boon for delicate women."

Favorite Prescription
Makes Weak Women Strong,
Sick Women Well.

SEVERAL MURDER TRIALS.

Girl Accuses Two Men of Killing Her Parents.

ADMITS HERSELF TO BE GUILTY

The Mother Had \$1,500 in the Bank and Daughters, According to the Confession, Wanted to Divide the Money with Their Suitors—Goebel Case.

Anoka, Minn., July 18.—Eliza Wise, the younger of the two Wise girls, solved the murder mystery by a confession in court under sensational circumstances. When asked to give the names of the men she saw outside the house the night of the murder she refused to tell unless the courtroom was cleared. When this was refused she wrote out a statement accusing the defendants, James Hardy and Elmer Miller, of the murder, and practically admitting that the plot to shoot her parents was formed with the knowledge of herself and her sister. The mother had \$1,500 in the bank, which was to go to her daughters in case of her death, and the girls had said they would divide with their suitors when Mrs. Wise was dead. The father had forbidden the boys to call on his daughters, and so he was included in the plot. Eliza testified that she saw the boys and their guns outside the house before the shooting. After the crime was committed she found one of the tell-tale shells outside the window and destroyed it. Her story made a profound sensation, as the defendants had established a tentative alibi by numerous witnesses and it was the general belief that they were innocent.

Cambridge, Mass., July 18.—The hearing of Charles R. Eastman, a Harvard university instructor, charged with the murder of his brother-in-law, Richard T. Grogan, Jr., was opened in the District court Tuesday. Grogan was shot by Eastman July 4 while the men were engaged in revolver practice in this city. Eastman claims that the shooting was accidental. Belle Bryan, a servant at the house where the shooting occurred, testified that Grogan fell down an embankment, crying "I've been murdered." George S. Hutchins testified that Grogan declared: "Eastman has murdered me. He shot me twice. He did it purposely." John R. Grogan, brother of the dead man, gave testimony in relation to a quarrel which occurred in November, 1899, at which time Grogan accused Eastman and his family of living on him.

Tentacles Against Powers.

Georgetown, Ky., July 18.—Finley Anderson, testifying in the Goebel case, said that on Jan. 24 Caleb Powers told him that the crowd of mountaineers which was being organized were going to Frankfort to intimidate the legislature and if necessary to kill enough democrats to give the republicans a majority. He said: "Powers told me Goebel would never live to be governor and said he (Powers) would kill him, if nobody else would."

HE SAW GATE'S BODY.

Important Witness Testifies in the Jester Murder Trial.

New London, Mo., July 18.—William W. Shrewsbury today proved to be the most important witness so far sworn in the Jester murder case. He has been a book peddler, an auctioneer and a laborer.

His testimony was that in 1871 he saw Jester and young Gates on a roadside near Middlegrove. He described the two men accurately, especially Alexander Jester. Shrewsbury had a conversation with young Gates, who told him he lived in Illinois. The next day he again saw Jester, but this time Jester was east of Middlegrove, his team headed south about six miles from where he saw him the day before.

Devastated by Gale and Fire.

Kinston, July 18.—A letter from Atrato, Colombia, says Bocas del Toro has been visited by a terrible gale, which destroyed many buildings and banana plantations. Immediately after the gale a fearful fire swept the town, destroying its finest buildings. The situation is said to be desperate, the people being demoralized over the dual catastrophe. The fire originated through carelessness in the Chinese quarter.

Is Archbishop of Dubuque.

St. Louis City, Iowa, July 18.—The Rev. Dr. William J. Kerby writes from Detroit, Mich., that Cardinal Gibbons of Baltimore told him that the Most Rev. John J. Keane had been appointed archbishop of Dubuque. Dr. Kerby, who is a son of D. R. Kerby of this city, is a member of the faculty of the Catholic university in Washington, and a personal friend of Archbishop Keane.

Meets Death at a Crossing.

Chicago, July 18.—Bernhard Schneider, an employee of W. M. Hoyt & Co., while riding his bicycle home from work, was struck by a Chicago, Milwaukee & St. Paul train at Nelson avenue and so severely injured that he died an hour later at Alexian Bros. hospital.

Box for cash at the cash store and save money. Dedrick Bros. Trade is steadily increasing.

THE MAN OF THE HOUR

A Magnificent Portrait of

PRESIDENT

McKINLEY

Reproduced in Ten Colors from a Late Photograph, for which the President specially sat, at the request of the Publishers.

(Size 14 x 21 INCHES.)

It has been printed for us on heavy plate-paper, in a form suitable for framing, by one of the largest art lithograph houses in America, in the famous French style of color-plate work. Every American family will want one of these handsome pictures of the President. It must be remembered that this picture is in no sense a cheap chromo, but is an example of the very highest style of illuminated printing. It will be an ornament to any library or drawing-room. Our readers can have the McKinley portrait at what it costs us (namely, ten cents per copy) by merely filling out the coupon below, and sending it to this office at once. There will be such a demand for this portrait that we advise sending orders at once. As many copies as may be desired can be had on one coupon, providing ten cents is sent for each copy. Write name and address plainly, and remit in coin or postage stamps.

Blue Flame Gasoline and Oil Stoves.

No dirt; No heat; No wood to cut.

McNAMARA.

Broken Lot Sale.

It has been our custom, after the Fourth of July, to go with a determination to clean up all remaining summer styles. We found it the most paying, rather than have accumulations to carry over. We have arranged in different lots, in both men's and women's, regardless of make, a goodly variety of the best styles to be found anywhere. Cost is all we ask for some; others 'way below. These are mostly tans—just what the season calls for.

SPENCER, "THE NEWEST."

The WIDE AWAKE

Going Camping?

If so, you should remember that our store is the place to get your camping outfit, or to fill in the missing articles.
